Printed Bibliographies and Retrieval language for single access databases

Collection development and acquisition

Introduction to Computer Sciences

Database Creation

Introduction and Typology of Libraries and Information and Documentation Facilities in Germany

Constitutional and administrative law

Management of Special Libraries

Management of Historical Books Collections

Ben Schumin, [Moody Hall computer lab](#), [CC BY-SA 2.5](#)

## 20 Years Ago (already ...)

Excursion to Bulgaria and Poland (Intercultural competencies and English language)

Projects

Presentations

Internships

Digital skills (database creation, html, ...)

Methods of empirical social research (statistics)

Business administration / library administration

## 20 Years Ago Not Around in German Libraries / LIS studies

- Data Librarians
- Copyright Librarians
- Teaching Librarians & Information Literacy
- Embedded Librarians
- Open Science (Open Access and OER, Open Data)
- Metadata Mappings of large Collections
- Mobile Phones

Skills versus  
Knowledge

Universal /  
Transferrable  
versus Specific

A large black rectangular graphic containing the word 'FUTURE' in white, bold, sans-serif capital letters. The text is centered and surrounded by several horizontal lines in blue, orange, and white, some of which are partially cut off by the edges of the graphic.

**FUTURE**

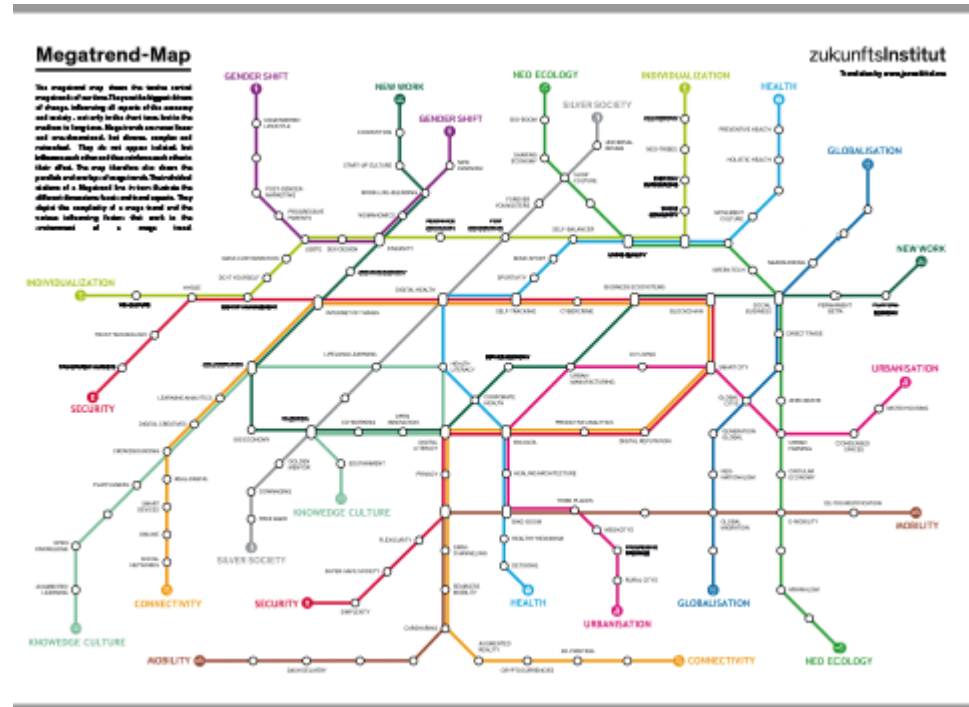

A large black rectangular graphic containing the word 'SKILLS' in light blue, bold, sans-serif capital letters. The text is centered and surrounded by several horizontal lines in blue, orange, and white, some of which are partially cut off by the edges of the graphic.

**SKILLS**
